

CLOTHCRAFT

All-Wool Clothes

TASTE and good judgment are both served when you buy Clothcraft Clothes. The fabrics cover an attractively wide range. Their style is pleasing and distinctive. Their fit is accurate and satisfying. Combined with all this they give an unusual degree of wear and service.

For this fact that they are all-wool is largely responsible. But there is also the expert workmanship, which insures dependable tailoring, lasting shape, and that quality, which with ordinary care and pressing, keeps them looking fresh and dressy to the end.

Remarkable values are Clothcraft Clothes at \$10 to \$25. We've never seen better at

the price, and we can safely recommend them to you with our personal guarantee.

In addition, you have the makers' signed guarantee in the pocket of every Clothcraft Coat. Buying Clothcraft Clothes is a safe and sane proposition for you. Think it over and come in and see what we have for you in these clothes at \$15, \$18, and \$20.

A. M. HIATT, CASHIER. (SEAL)

SUBSCRIBED AND SWORN TO BEFORE ME THIS SEPTEMBER 30, 1912.

JOHN ROBINS,
NOTARY PUBLIC, ROCKCASTLE CO., KY.

The above statement of the condition of the Citizens Bank, Brodhead, Ky., under date of September 30, shows the splendid condition of the bank, at the time the statement was made.

Cashier A. M. Hiatt informs us that there has been added to his already good list of depositors, two hundred new accounts since July 1st, and that business in general is almost double any previous record made by the bank.

With the officers now in charge of this institution being some of the best and oldest business men of the county, accounts for the splendid success which is being achieved.

A great future is predicted for the institution so long as the present management continues at its head.

LIVINGSTON.

Mrs. W. H. Mahaffey has returned from a visit to relatives at Berea, Ky. The guests that attended the Pike reunion at Berea from this place were Mr. and Mrs. Jess Pike, Mr. and Mrs. Mat Pike, Mr. and Mrs. Jake Pike, Mr. and Mrs. J. M. Foure and Mrs. Sue Mullins. Wade Graves, the telephone man has run a line to E. M. Ponders at the Gauley post office. S. L. Eastin, of East Bernstadt, who is running a line from Berea to London, has it almost completed. Caleb Ponders spoke here the 25th to a full house of Democrats, Bull Moose Republicans, and old-fashioned Republicans. We do not think his speaking will profit him anything and we hope to see him in November go down in defeat. The new coal bins here are a sure thing. The surveyors have surveyed them and work will start this week. They are to be of concrete. Mr. and Mrs. Walter Wade left last Thursday for Shabon, Ky., where they will make their future home. The R. M. K. Flour Co. has established a branch store in the south part of town and placed Bill Carrier behind the counters. Mr. and J. E. Neighbors have returned from a pleasant visit in Louisville. The three new houses spoken of some time ago are now going up and work on the streets is being pushed. Miss Clyde Lair, after a two-week's visit with Miss Lyda Cook, has returned to Mt. Vernon. Some one is sad. Aren't we right, John? George Delph, of Louisville, is visiting relatives here. Mrs. James Walton, of Louisville, returned home Monday, after a pleasant visit with her parents, Mr. and Mrs. Joseph Sambrooks. W. H. Mahaffey has returned from a trip to Tennessee. Mrs. App Taylor has returned from Louisville and reports her mother, Mrs. Lephew much better. Mrs. J. W. Sams and children, left Wednesday for a few days' visit with relatives at Shepherdsville, Ky. Joe Owens, who has been on the puny list, is better. Cam Mulling informs us that he has arrested seven boys at London for hobnobbing or train-riding. They were all tried and fined \$15 at Livingston. He said he was going north and the next places will be Mullins and Pine Hill. Now, boys, he is camping on your trail and is sure to get you. A few years ago Livingston had more peg-leg boys than a dozen common towns, all caused by train-riding. This is a very dangerous habit and parents should help the officers to put a stop to it. Miss Lyda Cook has returned from a visit to relatives in Tennessee. Died, September 25th, Mr. George D. Pope. He was born and raised in Danville, Ky. Married Miss Mary S. Hunt, of Lincoln county, in the year 1864. He leaves a wife and two children, John Pope and Mrs. W. T. Merimee and a host of friends and relatives to mourn his loss. He was laid to rest in the Buffalo cemetery at Stanford, Ky., to await the last day. The following attended the funeral from this place: Mr. and Mrs. J. P. B. Drummonds, Mr. and Mrs. C. E. Rice, Mr. J. B. Donally, W. F. Gray, Mr. and Mrs. L. P. Gray, of Lebanon Junction, Mrs. Ben Parker, of Paris, and Mr. and Mrs. W. H. Fisher, of Louisville, and Rev. T. C. Duke of Mt. Vernon, Ky. Mr. and Mrs. R. A. Whitehead, of Lewisburg, are with Mrs. George Pope this week. W. B. Rice, of Paris, Ky., is visiting relatives here this week. Mr. and Mrs. R. J. Lemmonds has returned from a visit to relatives at Paris, Tenn., and Louisville. J. A. Childress left today for a few days' visit in Cincinnati, O., and Louisville, Ky. S. T. Proctor, of Mt. Vernon, the expert carpenter, is building a house for Mr. E. L. Cockerel. Miss Georgia Amyx, who is attending school at Mt. Vernon, was with home folks, Saturday and Sunday.

BRODHEAD.

Mrs. R. H. Hamm has been very sick for the past week but is some better now. Mr. and Mrs. G. C. Brooks and little son were in Crab Orchard a few days last week, they were the guests of Mrs. Daisy Hunt. Mr. and Mrs. E. R. Gentry, of Mt. Vernon, were the guests of Mr. and Mrs. A. M. Hiatt from Saturday until Monday. Mrs. Robert Pike, of Livingston, is with her sister, Mrs. O. A. Frith, for a few days this week. Miss Marguerite Muster, of East Bernstadt, was the guest of Mrs. W. J. Owens first of the week. Miss Irene Lyons was up from Junction City from Friday until Monday.

Miss Angie Hunt, of Maretburg, was with Mrs. J. J. Albright a few days last week. Miss Lena McCall spent from Friday until Sunday with home-folks at Maretburg. Mrs. Molly Durham is visiting relatives and friends in Crab Orchard. Mr. I. R. Storm is visiting relatives in London and Keavy. Mr. Allen Hiatt and daughter, Miss Minnie, are spending a few days in the country with Mr. and Mrs. R. L. Smith. C. C. Howell is down from Livingston a few days. Mrs. G. F. Sutton returned to her home in Mt. Vernon after spending the past week with her parents, Mr. and Mrs. J. M. Owens. Mrs. J. C. Gibbs, of Phoenix, Arizona is with her parents, Mr. and Mrs. J. W. Moore.

Mrs. Lula McCoy, of Mt. Vernon, was the guests of Mrs. A. M. Hiatt Sunday. Prof. and Mrs. T. H. Likins are rejoicing over the arrival of a little son; the mother and babe are getting along nicely. W. O. Yaden was down from Livingston Sunday. J. E. Wallen was with home-folks a few days last week. The little daughter of Mr. and Mrs. Julian Bordes died Sunday, after a lingering illness of several months, the burial took place at Crab Orchard Monday afternoon. Mrs. Larkin Hicks is visiting relatives in Madison and Garrard counties. Mr. and Mrs. W. P. Higgs are now located on a farm near Preachersville. Mr. and Mrs. John Robins have returned home after visiting in Garrard county for the past ten days. Miss Elizabeth Tharp, the beautiful and attractive daughter of H. L. Tharp and Richard Emery Albright, a son of Mrs. Mary Albright, left for Jeffersonville, Indiana, Wednesday morning where they were married. All join in congratulation of the happy event and wish them much success in their wedded life. Joe Carter is in Shelbyville this week and from what we have been able to learn, he is not likely to return home alone. We hope to be able to give a full account of the Pike reunion which took place here last Sunday, in these columns next week. Not being able to attend we know but little to say of the affair, and prefer to wait until we can learn the facts.

ORLANDO

Julius Robinson got hurt very bad one day last week by a falling rock in the sand quarry at Dudley. The rock struck him on the back. He is doing very nicely. Corn crops are good in this part and people are very busy saving their fodder. Mrs. Flora Evans and Mrs. Effie Ballard were in Mt. Vernon one day last week shopping. Mr. and Mrs. J. B. Proctor and Miss Mary Ramsey were visiting relatives in Mt. Vernon last week.

Mr. W. W. Anglin was down from Disputanta Saturday and Sunday. He expects to begin to finish up in telegraphy in a short time at this place. Mr. R. L. Ball (better known as Sap) and Miss Lucy Grey, daughter of Mr. Dave Grey were married Friday afternoon at the home of the bride. Uncle John Robinson is making molasses this week and is having good attendance at his stur off. Mr. J. M. Ball has returned to his work as telegraph operator on the O. & C. R. R. after a visit to his mother at this place. He writes that he is dispatching and is making good. Mr. Joe Jackson, L. & N. operator at Sinks was calling on his best girl at this place Sunday.

Mrs. Hacker Williams and Mrs. Pattie Brooks of Conway visited relatives at this place Sunday and Monday. Mr. Nim Ramsey, of Wildie, was in Brush Creek Saturday and Sunday visiting relatives. Miss Mary Ramsey is with Mr. and Mrs. J. B. Proctor for a few weeks. Mr. J. B. Owens has bought the property of J. A. Wood, in Brush Creek, and now lives in town. Mr. L. J. Reams was in Hazle Patch Sunday and Monday. Mr. Barney Anderson, of Logansport, Ind., has been visiting his sister at this place. Mrs. Dora E. Ball. Miss Dora B. Ball has returned home after a visit to her sister in Paris. Mrs. Nellie Evans, of Richmond, is visiting relatives in this vicinity this week. Miss Myrtle Mason was the guests of Miss Lela Owens Monday. Mr. Pal Moore left Monday for Paris where he expects to accept a position in

the yards. Ben Allen made a trip to Crooked Creek Sunday. Grandma Troxell continues very feeble.

BROWN MEMORIAL SCHOOL

Prof. E. P. Childs, president of the Normal and Collegiate Institute at Asheville, N. C., was a guest at the dormitory Tuesday and Wednesday. On Tuesday he gave a helpful chapel talk.

In the monthly grammar test Julia Landrum and Lillie May Daniels, both fourth graders, made 100 per cent.

Georgia Amyx spent the week end at her home in Livingston.

Sallie Stewart was at her home in Wildie over Saturday and Sunday.

The mothers of the town were Miss McCord's guests on Thursday Sept. 26th to meet Miss Robertson of the kindergarten department.

The first regular meeting of the Mothers Club will be held in the Kindergarten Room, Thursday afternoon, Oct. 3rd, at three o'clock. Miss Robertson will speak of the purpose of the meetings and the work of the club for the year will be discussed. The mothers and friends of the kindergarten and primary, also any other mothers of the town who desire to become members of the club, are most cordially invited to attend.

The beginning of cool weather has aroused the interest in athletics again among the girls. Tennis is being played and basketball teams organized.

MEMBER OF
KENTUCKY PRESS ASSOCIATION

"The reason why so many small towns fail to grow is because their citizens do nothing to promote their growth. There is no public spirit and therefore no attempt is made to attract industries or improve conditions."

"If anyone suggests something calculated to develop things he is called visionary and a loud cry is also made that improvement means expense. Yet these same people cannot understand why the census returns so often show for such towns a stationary or declining population. Verily there are people who, living in the age of electric light, content themselves with the tallow dips of their forefathers."

Most newspapers are consistent boosters of the towns in which they are published, but many of them are compelled to do their boosting under adverse conditions. The fact is that most of the towns have a fair percentage of inhabitants who are contented with "things as they are" and who are rather disposed to resent the appearance of new industries and new citizens. Like the gifted bard who immortalized "the little town of Tullahoma," they are satisfied with their environments and believe in the "good old ways."

In some localities this class constitutes a working majority, through generally averse to work, and those who would labor for progress and betterment find themselves sorely handicapped. No town is so good that it can not be made better. In this shifting world of ours perfection is never attained. There is always room for improvement and the town that does not improve is merely perishing of dry rot. It is of small avail that a few men push if the majority of their fellow citizens are pulling back. "Getting together" is absolutely essential if there is to be material municipal advancement. There are many towns in Kentucky which would be bigger and better but for the lack of public spirit and the disposition of so large a portion of their population to resent all endeavors for the general uplift.

ONE new feature of the presidential campaign is that both of the old parties are running advertisements in the daily and weekly newspaper calling attention to the merits of their respective candidates. This is an improvement over the "system of promiscuous wind jamming" over the country.

TO REDUCE FIRE DANGER.

October the 8 has been officially designated as a clean-up day in Kentucky for the purpose of reducing fire dangers.

If this day were religiously observed throughout the Commonwealth there would be fewer fires to record within the next twelve months to come. The general removal of rubbish from about business houses, factories, residences and other places would amount to a big reduction in fire hazard. The putting in order of houses and premises in advance of winter would save many losses that are sure to come otherwise through defective flues, stoves and other heating arrangements and through the neglect of those precautions which, while simple and easily practical, are of much importance to personal and general welfare.

Some years ago the people of the United States became aware of the fact that Fourth of July celebrations of the "holocausts" powder burning sort were causing a heavy annual loss in life and property. The injudicious use of fireworks resulted in many deaths

and serious injuries and in the destruction or damage of many buildings by fire. A movement was begun for a "safe and sane Fourth" and it has progressed to such degree that the yearly death tolls and damage bills in American cities have been cut down to a mere fraction of what they were in former years. This result indicates the possibilities for good that lie in concerted effort. The people are just beginning to realize the enormity of the fire waste in the United States. When they are thoroughly aroused to action they will take steps to reduce it.

Last year the people of Kentucky paid out more than five and a quarter millions for fire insurance and the companies paid out more than three and a half millions in losses. This of course takes no account of the immense amount of property destroyed on which there was "not a dollar of insurance." Fire losses in the country at large amount to more than \$200,000,000 a year, and a big percentage of this heavy bill is due to the negligence of the people who fail to take proper precautions against fire. It is possible to save much property and much distress by timely diligence in eliminating hazards, and clean-up day should be signalized by some effective work of that kind.

This is forcefully put and should appeal to the people of our State in preserving the wealth thereof. We are addressing you, hoping to have your assistance in the direction of calling the public's attention to the importance of conforming to this proclamation. Trusting we will not be disappointed in our expectations, we beg to remain, Yours truly,

FRANK G. SNYDER,
President.

MT. VERNON GRADED SCHOOL

The first month of the Mt. Vernon Graded School closed Friday the 27th of September, with an enrollment of two hundred forty-nine pupils. New pupils are being enrolled daily. Watch us grow from month to month.

The following pupils were neither tardy or absent and made an average percentage of ninety or more:

HIGH SCHOOL.
Lucinda Parker, Ruth Mullins, and Homer Proctor.

PRIMARY DEPARTMENT.
Effie Fredrick, John Harper, Martha French, Maurine Brown, John Sowder, Edna Davis, Lela May Renner, and Sallie Hanks.

KINDERGARTEN DEPARTMENT.
Homer Livesay and Robert Cummings.

Mother, is your child's name here? Why not? Does he study at nights? Is he at school on time all the time? Will you help us put his name among the number this month?

We wish to thank the people for their interest, for their encouraging words in behalf of the school for their visits, and for their talks to us in chapel. We feel that you helped make this splendid record. We are glad to know that we have no "chronic kickers" in our town—everybody is for the school. Let's make this month better than last. Let's visit oftener and talk school more.

SAVED LEG OF BOY.

"It seemed that my 14 year old boy would have to lose his leg, on account of an ugly ulcer, caused by a bad bruise," wrote D. F. Howard, Aquone, N. C. "All remedies and doctors treatment failed till we tried Bucklen's Arnica Salve, and cured him with one box. 'Cures burns, boils, skin eruption, piles. 25 cents at Chas. C. Davis'."

TEACHERS' ASSOCIATION.

The Teachers' Association of Educational Division No. 1 will be held in the Mt. Vernon Graded School building, Saturday, October 22nd. We have some of the best speakers of the state on the program. There are many other good things you cannot miss. See a program. We are going to make this association the "record breaker" in Rockcastle county for this year, or all past years. Help us in this attempt, teachers. Come and bring some of your pupils. You cannot afford to miss it. All teachers of the county are expected to attend as it is pay day.

List of candidates now in the field at work for the piano given away by B. C. Anderson & Son. There should be one hundred or more by next week. The list is as follows:

THE SCOURGE OF HOG CHOLERA

Cost the hog raiser millions of dollars last year and nothing short of vaccination seemed to offer the slightest promise of a cure.

Prevention, however, is the logical solution of the question. Dr. Hess (M.D., D.V.S.) has always maintained that by giving Dr. Hess Stock Tonic to tone up and strengthen every organ in the system, to regulate the bowels, liver and kidneys, expel worms; and also thoroughly disinfect the premises, sleeping quarters and runs with Dr. Hess Dip and Disinfectant, would prevent an outbreak of this disease.

Read what one of the big hog raisers in the country says:

"During 1911 our country was visited by one of the worst hog plagues ever known. We fed Dr. Hess Stock Tonic, and only lost two head out of a herd of two hundred and ten."—Alex. Nevius, Modesta, Ill.

Also note what bulletin No. 182 of the Kansas State College says about preventing Hog Cholera:

"When we recall the conditions which favor the disease and the manner in which its infection takes place, it will be seen that feeding and caring of hog has much to do with the prevention of the Cholera. Premises should be cleaned and disinfected regularly. The hogs themselves should be dipped every few weeks. Maintaining these conditions helps to keep up the vitality of the hog, and in this way troubles of all kinds are ward off. To aid digestion and circulation and to prevent worms, the bulletin recommends a formula of Wood Charcoal, Sulphur, Salt, Sodium Bicarbonate, Sodium Sulphate, Sodium Hyposulphate and Black Antim."

This formula, given in tablespoonful doses would undoubtedly be beneficial but would cost the hog raiser about 10c per pound. Now compare this with the formula for Dr. Hess Stock Tonic which is vastly superior and has stood the test of 20 years.

NUX VOMICA, Digestive and Nerve Tonic.
SULPHATE OF IRON, Blood Builder & Expels Worms.
COMMON SALT, Appetizer. Expels Worms.
NITRATE OF POTASH, Acts upon the Kidneys.
PENGREEK, Tonic and Aromatic.

QUASHIA, Digestive & General Tonic. Expels Worms.
SULPHATE OF SODA, Laxative & acts upon the Liver.
EPSOM SALTS, Laxative.
CHARCOAL, Prevents Noxious Gases.

This preparation is compounded by Dr. Hess, (M.D., D.V.S.) and sold to you on a written guarantee and only costs 3c per month for the average hog. The definition of the ingredients are taken from the United States Dispensatory and noted medical authorities.

Feed your hogs

Dr. Hess Stock Tonic

to prevent disease and expel worms. Sprinkle the runs and sleeping quarters with a solution of

Dr. Hess Dip and Disinfectant

one of the foremost coal tar, cresote disinfectants known. Also dip your hogs with this solution when the weather will permit, and you will have no loss from disease.

The young man was taken to Berea where the ball was extracted and the last report he was doing very nicely.

The good roads meeting held in the Court House Monday was largely attended and many enthusiastic speeches made. The order made by the Fiscal Court that in event the Bond issue carries, that each Magisterial district shall have \$20,000 should certainly put an end to the talk that it is only a move for Mt. Vernon to get a few miles of Road. It is true Mt. Vernon wants roads, but at the same time Mt. Vernon wants the rest of the county to have them just the same. For Mt. Vernon and the rest of the towns of the county will prosper in proportion to the way the whole county prospers. In our next issue will appear a full and complete statement of the whole situation from a to z. Don't fail to read it and above all let every body be up and doing for the bond issue.

GOOD ROADS MEETING AT BLUE SPRINGS.

Promptly at 7 o'clock last Wednesday night, the gavel was sounded at Prof. Irvin Bullock's School House known to everyone as Blue Springs School House, by the Chairman and we are glad to say the people had filled the house by the time speaking began. I want to say that the crowd was the most enthusiastic of any people we have ever met. Atty. C. C. Williams, Judge Bethurum and Captain W. L. Richards were many times loudly applauded by the enthusiastic hearers saying, go on, go on, we are all for good roads and the bond issue. We want to thank the good people for their hospitality shown us while in their midst and especially that Prince of good fellows, W. M. Bullock who is always for the right and who furnished an elegant supper for the crowd from a distance.

Yours for better highways,
CHAS. C. DAVIS, Chm.

TO CHAS. C. DAVIS: I have read a great deal of late in your county paper, THE SIGNAL in regard to the good roads movement that is being talked of in Rockcastle, and I feel a keen interest in the success of this great measure.

Being born and reared and having spent the best part of my life in this good county, I feel that the best is none to good for her noble people. I feel that if there is any one that realizes the great need of better highways in Rockcastle, it is myself, having practiced medicine in the county eight years. My work being in the section where roads were the very worst and the creek beds were used for public highways because some citizens didn't think he could spare thirty feet of road bed through his farm. I am glad however that this spirit is dying out, and being replaced by a more unselfish one. That what will be good for my neighbor, will be good for me also.

Turnpikes can be built in Rockcastle at half the cost of many other counties. For the Lord knows you have the material to build them with.

Why should a teamster want to drag eight cross ties over a mud road when he can pull twenty-five over a turnpike with the same team?

It takes nearly two hours to ride from Wildie to Mt. Vernon over the present road while the same distance could be made in forty minutes over a pike.

Now what you want to do is to vote for this bond issue, and then see to it that the roads are built in a way that they will profit the greatest per cent of the people.

I most sincerely hope that each and every voter will march as one man to the poles and cast their vote for better highways the thing that will increase the value of your farms and bring you more comfort than anything you could possibly do.

And the next time I come to Rockcastle I will not be compelled to ford Renfro Creek lengthwise. And you will be saved the humiliation of having it said that Rockcastle is a back number.

You have resources to make Rockcastle one of the best counties in the commonwealth and I am glad to see its good people aroused to see its worth.

Yours for good roads,
W. D. LASWELL.

SPEAKING DATES.

The following is a list of Good Roads speaking dates for next week and the following gentlemen will address the people on that important subject: On Tuesday night Oct. 8th, at the following places: Level Green: Rev. D. R. Gentry, C. C. Davis and P. H. Shutts.

four hours, as the law requires, and he will co-operate with the physician and family to keep the disease from spreading.

7. The discharges from the mouth and nose, which especially contain the germs of the disease, should be received on soft cloth and burned, and other discharges should be disinfected, and all refuse from the sick room burned. All utensils used in feeding the sick should be washed separately from other dishes and should remain some time in boiling water.

8. Disinfect all bed and body clothing, and other like things, as soon as removed, by immersion for at least six hours in a solution of chloride of lime, four ounces to the gallon of water. They may then be wrung out and be put in the wash. Remember, however, that no disinfectant in the occupied sick room can do away with the necessity for abundant fresh air and sunlight.

9. The isolation of the patient should continue for ten days after the onset of the disease has disappeared, and until he has had a disinfecting bath and been clad in garments which have not been in the sick room. No person from a house where there is diphtheria should be permitted to go into public assemblies, and no child from a house where this disease has prevailed should be allowed to attend school without a certificate from the health officer that it is safe to do so.

10. After complete recovery, or death, always thoroughly disinfect the room and its contents, preferably with nascent formaldehyde, or where this is not available, by burning three pounds of sulphur, moistened with alcohol, for each 1,000 cubic feet of space, previously stopping all openings, and dampening the floor, bedding and clothing and leaving the room tightly closed for twelve hours. The room should be thoroughly ventilated, and all ledges, woodwork etc., washed with strong soap and rinsed with a disinfective solution.

11. In case of death, the body should be wrapped in a sheet saturated in a disinfecting solution, and buried without public service. In giving notice of death news should state that it was from diphtheria, and that children, and those having care of children, should not attend the funeral.

12. To be effective the precaution herein suggested should be rigidly observed. Imperfect isolation and disinfection are worse than useless, giving rise only to a false and misleading sense of security.

13. County and municipal boards of health have full authority under our laws to enforce these rules, and will fall short of their duty if they fail to do so.

14. Arrangements have been perfected under which county or city boards of health may procure Alexander's antitoxin at wholesale prices through this Board. A constant supply of fresh antitoxin is always on hand at Bowling Green. Details furnished upon application.

ROLLA WELLS IS EARLY ON THE JOB

Democratic National Treasurer Is After Small Contributor.

THE PEOPLE TO HELP.

There is to Be No "Tainted Money" Used in Electing Wilson and Marshall.

New York.—A small, smooth shaved, middle aged man with a coat of tan that gave evidence of much outdoor life recently came into the Waldorf carrying a suit case early in the afternoon and registered as "Rolla Wells, St. Louis, Mo."

The smooth shaved little man, who is to be the watchdog of the Wilson campaign money from now on, was asked for vital statistics, whereupon it was learned at first hand that he is a banker and ex-mayor of St. Louis, is fifty-six years old, was graduated at Princeton in 1876, or three years before Governor Wilson was graduated; that he has two sons who are Princeton men and a grandson who some day will be a Princeton man; that he had no notion of seeing New York this summer until the Wilson organization selected him as its treasurer and that just at present the one thing that sticks out in the appointment in his mind is that the new job cut in seriously upon a most beautiful vacation which he and Mrs. Wells had been enjoying in a camp at Little Traverse bay, Michigan.

Mr. Wells believes in getting at his desk at 8 o'clock in the morning.

"We are going to raise our campaign fund through the small contributions," said Mr. Wells.

"I am sure that a large part of the money will be raised by popular subscription."

"The people have confidence in Woodrow Wilson, and they will give what they can of their means to elect such a man president."

"I am a great believer in publicity, broadcast, before and after election, the various contributions made."

"There are men who can well afford to give the committee \$5,000, but I want to assure the public that we are not going to have any tainted money."

"We are appealing to the people, and we are relying on them to help elect Wilson and Marshall."

"I have two boys who have been graduated from Princeton, one five years ago and one seven. But it is because ours is a Princeton family that I like Governor Wilson. He is a great man and the type that we should have in public life."

Woodrow Wilson says this is not a time to be afraid to "speak out in meeting." That he was not afraid is demonstrated by his logical speech in accepting the Democratic nomination.

Roosevelt was willing to crawl from the White House to the capitol in 1906 if he could help his friend Root. To day he would like nothing better than meeting Root up a dark alley.

The Democrats are depending on the small contributor to help elect Wilson and Marshall. The appeal is being made to the people, and the people are responding.

Wilson will make the most accessible president who has ever occupied the White House. He is typically a Democratic man.

Farmers have awakened to the folly of the so called blessings of a protective tariff.

her domestic duties alone. She wants to do her share in problems of the political and business world. Mrs. Marshall is said to have discussed in detail with her husband his action on the Baltimore convention, and when it was seen that Marshall was the man who was going to go on the ticket with Wilson he wanted to know what his wife thought about it.

"It won't be any harder than being Governor of Indiana, and if the party thinks you are the man it only agrees with my opinion," she said, and that settled the matter with Governor Marshall.

Mrs. Marshall had the honor of being the first woman in Indiana to hold an office. She was appointed county clerk of Steuben county by her father and held that office for a number of years.

When Governor Marshall and his wife were about to be married she decided that her last official act of the office would be to make out the marriage license. Governor Marshall accompanied his wife to the county clerk's office and watched her with care as she noted the records in the big book and filled out the license and watched her as she carefully signed her father's name, with her own as deputy.

Mrs. Marshall, having blotted the ink, said, "Now we can go."

"Not yet," laughed Governor Marshall.

"Why, we are all fixed," explained Mrs. Marshall, pointing to the license.

"Yes, but I have to pay for it," replied the governor. "It's all right for you to make it out, but it's up to me to pay the fee." And he did.

Mrs. Marshall is a keen student, and having established the practice of going with her husband on all his trips be they short or long, they make it a point to carry along some book.

Mrs. Marshall is as much of a humanitarian as the governor. A glance at some of the bills that have been passed by the 1911 Indiana legislature gives an insight into the governor.

To curtail child labor.

To regulate sale of cold storage products.

To require hygienic schoolhouses and medical examination of children.

To prevent blindness at birth.

To regulate sale of cocaine and other drugs.

To provide free treatment for by trophobia.

To establish public playgrounds.

To improve pure food laws.

To protect against loan sharks.

To provide police court matrons.

To prevent traffic in white slaves.

To permit night schools.

To require medical supplies as part of a train equipment.

Governor Marshall has also played a active part in providing for protection of labor, as is exemplified by the following acts:

To create a bureau of inspection or workshops, factories, mines and others.

To establish free employment agencies.

To require full train crews.

To require safety devices on switch engines.

To require efficient headlights on engines.

To require standard cabooses.

To provide weekly wage, etc.

And Governor Marshall has been content with his "partner" on all these bills. He is quoted as saying a man can't go far wrong in taking the advice of a wife if she is his partner as well as his wife.

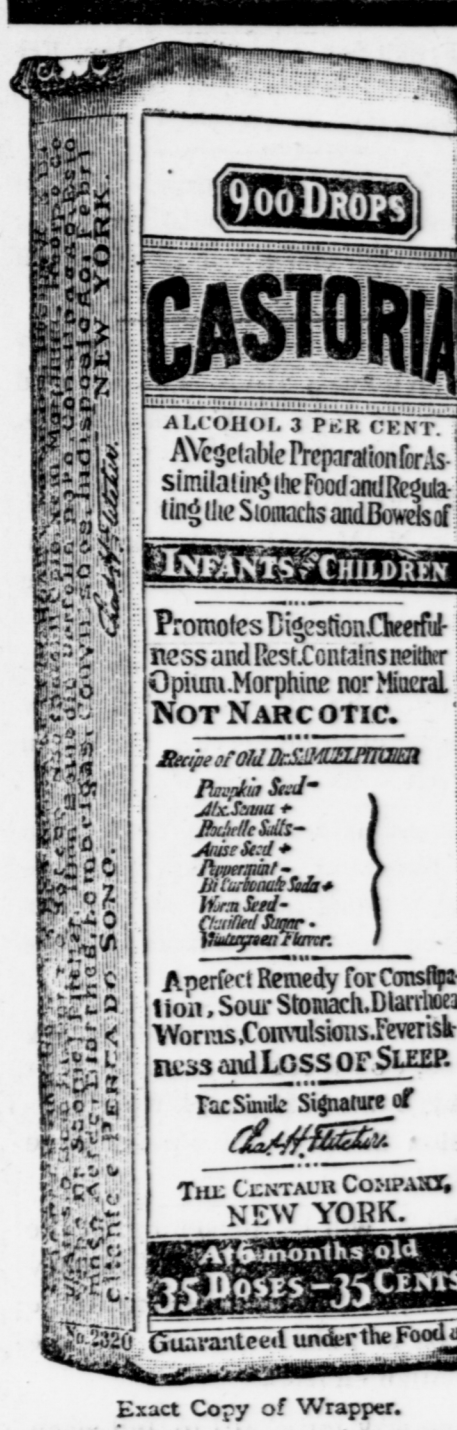

Having exhausted his supply of adjectives in denouncing Taft, Roosevelt is now leading a campaign of denunciation of every one who does not agree with himself.

Farmers have pulled against the short end of the yoke long enough. Wilson and Marshall promise to see that the pulling is made more nearly even.

Wonder how the colonel likes being an outcast?

Are You Nervous?

What makes you nervous? It is the weakness of your womanly constitution, which cannot stand the strain of the hard work you do. As a result, you break down, and ruin your entire nervous system. Don't keep this up! Take Cardui, the woman's tonic. Cardui is made from purely vegetable ingredients. It acts gently on the womanly organs, and helps them to do their proper work. It relieves pain and restores health, in a natural manner, by going to the source of the trouble and building up the bodily strength.

TAKE The CARDUI Woman's Tonic

Mrs. Grace Fortner, of Man, W. Va., took Cardui. This is what she says about it: "I was so weak and nervous, I could not bear to have anyone near me. I had fainting spells, and I lost flesh every day. The first dose of Cardui helped me. Now, I am entirely cured of the fainting spells, and I cannot say enough for Cardui, for I know it saved my life." It is the best tonic for women. Do you suffer from any of the pains peculiar to women? Take Cardui. It will help you. Ask your druggist.

THE DRUGGIST

SAYS

That Tennyson or Longfellow could take a worthless sheet of paper and write a poem on it and make it worth \$75,000—that's genius and there are others who can write a few words on a sheet of paper and make it worth \$8,000,000—that's capital and this nation of ours can take an ounce and a quarter of gold and stamp upon it an Eagle and make it worth \$20.—that's money and some of our young ladies will buy a hat for \$1.25 but prefer one that cost \$35.—that's foolishness. I might sign my name to a check for a \$1,000,000, but it wouldn't be worth a dime—that's rouse. But some people will tell you that they can serve you as well as Chink but—that's nonsense—try me.

Yours truly
